Momentum Telecom, Inc. (the Company) is a competitive local exchange carrier (CLEC) with retail telephone customers (customers) in nine southern states.<sup>1</sup> The Company authenticates customers without the use of readily available biographical information (such as customer's social security number, or the last four digits of that number, the customer's mother's maiden name, a home address, or a date of birth), or account information, prior to (i) allowing the customer online access to CPNI related to a telecommunications service account or (ii) verbally communicating CPNI to the customer. Specifically, the Company authenticates its customer through a password previously mailed to the customer's address of record with the Company

The Company notifies customers promptly by mail whenever a password, customer response to a backup means of authentication for lost or stolen passwords, online account, or address of record is created or changed. This notification is not provided when the customer initiates service, including the selection of a password at service initiation.

The Company does not share CPNI with third parties for purposes of marketing products or services.

The Company will report CPNI breaches electronically within 7 days to the US Secret Service and the FBI through the designated central reporting facility at <https://www.cpnireporting.gov>. Following electronic notification to the designated central reporting facility, the affected customer will be promptly notified by mail.

The Company protects its stored CPNI records via a password protected, secured web site.
